

Priebeh eTwinning projektu, časť 3

„WORLD INVESTIGATION“ – „Prieskum sveta“

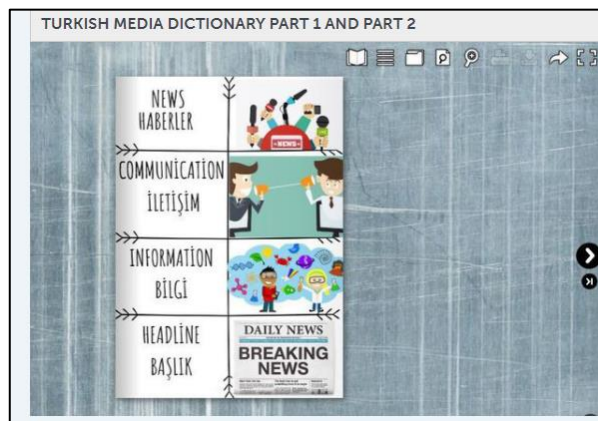

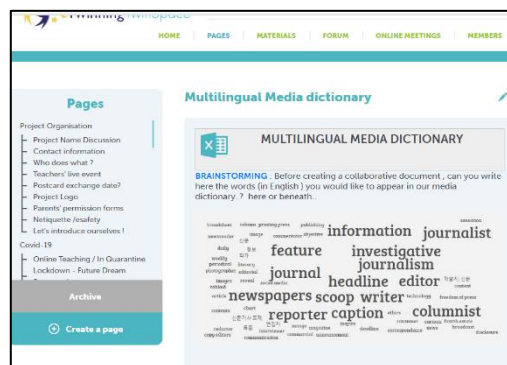

Priebeh realizácie projektu :

Celý priebeh projektu bol založený na spoločne stanovených cieľoch a vzájomnej komunikácii.

7. stránka projektu: tu sme sa zamerali na „collaborative investigation“ (spoločný prieskum) rôznych oblastí našich životov.

- **Multi - jazykový mediálny slovník:** brainstorming najpoužívanejších slov z oblasti médií sme realizovali prostredníctvom **answermygarden**. Následne sme daný zoznam najpoužívanejších slov preložili do nášho rodného jazyka, ilustrovali, bližšie definovali význam slova a prezentovali v excel.dokumente a v pojmovej mape. / ukážka práce našich žiakov/. Spoločne sme použili nasledovné **web.nástroje:** answergarden / google excel mindmap/ postermymwall / calaméo/ bookcreator/ movie maker / coogle / kahoot quiz.

- **Prieskum 1: “Are you a geek?”** (osoba s intenzívnym záujmom o jeden alebo viacero predmetov, v dnešnej dobe hlavne výraz používaný v oblasti záujmu o ikt technológie / **What are your hobbies? (Aké sú tvoje záľuby?)**):

V danom prieskume sme spolupracovali pri vytváraní otázok, z ktorých sme následne vytvorili spoločný dotazník, odpovedali na jednotlivé otázky prostredníctvom google form. Výsledky prieskumu sme prezentovali na danej stránke, ale aj v prvom vydaní časopisu. Dostupný je na:

6. Do you use your computer on a daily basis? (Slovakia) *

no

- **Prieskum 2 : Is your life healthy? / Je tvoj život zdravý, žiješ zdravo?**

Na tomto prieskume sa podieľalo veľa žiakov z našich partnerských škôl. Ich otázky boli následne dané na twinboard/ nástenku projektu. Najzaujímavejšie otázky sme vybrali a vytvorili z nich náš prieskum vo forme **googleform**. Odpovedalo naň viac ako 200 žiakov. Dostupný je na:

Here is the survey created by the Korean team on HUMAN RIGHTS.

Human Rights Sensitivity Test

Haerin's mom has been worried that Haerin has used her mobile phone for more than 8 hours a day these days. Some people recommended her to download an application that can show what Haerin does with her mobile phone. Haerin doesn't like the idea because she thinks her privacy life is important. If Haerin's mom downloads this application, it would help Haerin to not use her mobile phone too much, but it would not be a good idea when it comes to Haerin's privacy.

1. Haerin's mom should download the application mentioned above to help Haerin not to use her mobile phone too much.

1 2 3 4 5

Not at all Extremely so

2. Haerin's mom shouldn't download the application to respect Haerin's private life.

1 2 3 4 5

Not at all Extremely so

3. If Haerin's mom downloads the application, Haerin is going to enjoy other activities instead of using her mobile phone too much.

Thanks a lot for answering the survey.

We found out that most of our students (Korean girls) answered in a same way.

We all found out that when it comes to human rights, it usually starts with small things and we should really try to think and do something about it.

Also we all found out that we might need proper system to support people in need in our society.

Thank you!!
