The Arctic Monkeys are from Sheffield, a city in the north of England. They are Alex Turner (vocals), Jamie Cook (guitar), Nick O'Malley (bass) and Matt Helders (drums). The band was formed in 2002 when they were at school. One of the reasons the Arctic Monkeys became successful is that fans of the band used the internet to share music and information. The fans filmed the band and put the videos on a website. Their first single, *I bet you look good on the dance floor*, was released in October 2005. It went straight to number one and became an instant hit. Since those early days, the Arctic Monkeys have released five studio albums and one live album and are famous all over the world. If you want to see them in concert, you should get tickets as soon as possible because they sell out fast!
